# Introduction

When you get engaged it is an exciting time planning your wedding day. There is so much to plan and organise such as your venue, dress, makeup, hair, photographer, flowers, cakes and lots more. You may have specific requirements and be planning a fairy tale wedding that is every young girls dream, a Goth styled wedding or a vintage wedding. Whatever your style it can be a daunting task without some advice and guidance.

Special occasions such as school proms, graduation balls, birthday parties, Valentine's Day, and hen parties are other times when you may need to source some specialist suppliers. I am therefore very excited to be launching this magazine with some of the best and highest quality wedding and special occasion suppliers in the County of Norfolk. Our aim is to assist you with your planning needs and to collectively show the services that we can provide for you. We intend to make this an annual publication with photo shoots to demonstrate and showcase our work. If you have any themes that you would like to see in future editions please let us know.

Please enjoy reading this magazine and looking at the photos. I hope that will help you get the most out of your wedding or special occasion.

In July 2014 the suppliers featured in this magazine met at the Norfolk Mead Hotel in Coltishall for a collaborative photo shoot. Many of the images in this magazine were taken on this day including, bridal, prom and vintage.

### Bridal

To challenge the group and to demonstrate the range of our work we decided to feature a range of bridal styles from the traditional to the unusual. Each look was created so that the dresses, makeup, hair, tiaras, hair pieces and bouquets each complimented one another. This is shown in the resulting images.

## Fairy Tale Bride

Every little girls dream is to have a fairy tale wedding and Zoe was the perfect model. The co-ordinated flowing white and coloured dresses, tiaras, long blonde hair, pastel makeup, long lashes and pretty flowers completed this look.

## Gothic Bride

The Goth bride is a very contrasting and alternative in style. We achieved the look by making use of lace, ivory and strong dominating colours such as red, blue and black in the dresses. Amy just loved the transformation into a Goth with a blonde hairpiece extension, a close crop of hair on one side with a red hair piece, bold cherry lipstick, heavy eye makeup and a red and black bouquet.

Hello I am photographer David Woodcock and I get to attend many weddings, meet people on one of the most happiest days of their lives and at each wedding get the prime seat (or at least standing position) in the house. It really is the best job in the world. Let my passion for photography tell the story of your wedding day.

Each wedding is very different and for this reason I do not fix the number of hours of coverage. Ranging from £490 to £1,060 and in hourly increments between 2 and 8 hours my wedding package includes:-

- A free no obligation wedding photography consultation;
- A pre wedding planning visit approximately 6 weeks before your wedding to finalise your list of photographs;
- A 2 hour pre wedding / engagement photo session as an opportunity to get some creative images and for us to get to know each other before your wedding day;
- Stunning, natural and elegant photography of your wedding by me in the style of your choice and for the number of hours that you require;
- The post processing of images by me before they are presented to you. I do not use third parties to process my images;
- Images supplied on either a crystal heart shaped USB memory stick available in different colours or on DVD in a presentation case;
- Use of a password protected personal online client gallery for you to share your wedding images with your family and friends. From here you will be able to download images to your computer, ipad, android tablet or mobile and purchase prints, canvas prints, and acrylics.

2 hours is ideal for registry office and small family weddings. 4 hours is ideal from arrival of the guests to the start of the wedding breakfast. 8 hours is ideal for bridal preparations to the first dance. I will supply you with high resolution images of your wedding suitable for you to purchase your own prints, canvases, acrylics, wedding albums, photo books and other products.

To make the best use of your wedding images I can also supply you with a variety of other photographic services and products for you to create a unique wedding photography package of your choice. If you want a really top end package with full coverage, leather bound albums, a slide show, canvas prints and more I can supply this too.

I also undertake portrait and events photography (including parties of all kinds). If you would like to commission me to be your wedding, portrait or events photographer in Norfolk please get in touch to check on my availability and to obtain a quotation.

Here is what some of my customers have to say about my photography.

"David Woodcock provided me with an impeccable service: he paid close attention to the details of what I wanted before the wedding, and was generous with his time; on the big day, he arrived earlier and left later than I expected; he was friendly and efficient; and he sent me all the photographs in both high and low resolution format before I had even got home from my honeymoon. It was a pleasure to work with him, and I can whole-heartedly recommend him as a wedding photographer in Norfolk."

Dr James Noyes

"We were delighted with the photos that David captured of our wedding. We also appreciated the time he spent with us beforehand to understand our requirements, as well as the engagement shoot, which helped to put us at ease on the day."

Gemma & Chris Hoskins

"When I married my partner Rhod there was no contest as to who we would choose to produce our wedding dvd. David discussed with us personally what we wanted as our special memories of the day and also produced a written list for us to fill in. We wanted something very informal of the venue, our guests enjoying the event and of course ourselves."

On the day David arrived at the venue early looking very smart. He looked around the wedding venue for photo opportunities prior to the wedding ceremony and also photographed our guests as they arrived. He was unobtrusive during the ceremony and communicated with both the staff at the venue and our guests during the reception. He carried out his brief to the letter and to our complete satisfaction. We are confident that clients will find his work to be professional, of high quality and good value".

Rosemary & Rhod Tibbles

"Before my wedding I hadn't given much thought to photographs. I was an older bride and didn't think they were that important. I gave David a short list of the family photos and left the rest up to him.

My husband and I were absolutely delighted with the photos David produced for us. They were imaginative, creative, catching many special moments and very importantly he captured the essence of our special day. David's unobtrusive approach meant that we were not ordered around, he just got on with the job with friendliness and good humour.

We cannot thank David enough for leaving us with a very tangible reminder of our wedding day."

Linda and Richard Middleton

"When we got married in Cromer we wanted a low key, fun day, no fuss affair, with a photographer who would understand that. We hated weddings where you would stand around for hours after the service being herded this way and that by the photographer, so we certainly did not want that for our guests.

David took the time to ask what we wanted and did exactly that. With a few suggestions and ideas from him he explained how we could achieve that and get the best out of our day.

Our photos were perfect. Every one commented on how nice the photographer was, very natural and relaxed. Our Cromer pier and seaside shots were fun and David captured the evening reception brilliantly. Our family and friends were really impressed and we got exactly what we wanted, lovely photos completely reflecting our special day. Thank you David."

Hairdressing is my life! I love everything that it involves, though I am particularly passionate about dressing hair and producing fabulous creations for the bride's special day. I would never have dreamt that 30 years ago, when I first picked up a pair of scissors, hairdressing would still be giving me such a thrill. Styles have changed, and I've had a few, but wedding hair has always maintained a romantic and feminine look. Even short hair can be dressed, and by adding hairpieces, During my career I have owned two salons and have also taught at the local college. I have completed numerous training courses with Toni & Guy, Wella and L'Oreal where I have developed the knowledge and experience necessary to achieve beautiful results.

Getting married can be one of the most stressful and enjoyable times of ones life, stressful, worrying about if every detail is going to turn out right and enjoyable when it does, I like to meet my brides as much as Possible. It's good to get to know them so I can really find out what they want. Some brides want to look totally different on the day others just want to look themselves with a little bit of glamour. At the practice session we go through various styles it's amazing how many brides come in wanting one style and go out with something completely different, Photos are taken at all angles of the hair style so the bride can see how the style looks 360 degrees.

On the morning of the wedding everything is in place, I usually prep the hair and then makeup is done then the hairstyle is created. I always stay until the dress is on very often helping dress the bride, I check the hair again and will place the veil in the hair.

I really do have the best job in the world.

## 29 Maggie Rowland - Exquisite Boutique

W: [norfolkprom.com](http://norfolkprom.com)

Exquisite Boutique is a small shop bursting with a fabulous selection of dresses. We can offer appointments to suit you, day or evening. Our opening times are Wednesday to Saturday 10am - 4.30pm appointments are not always necessary. Mondays and Tuesdays are appointment only.

At Exquisite Boutique we are committed to finding you the perfect outfit for any occasion. We stock a large range of prom, evening, bridesmaid and wedding dresses along with matching accessories. Whether you already have the ideal dress in mind or you don't know where to begin, our wealth of experience and relaxed atmosphere is certain to help you get the dress of your dreams.

Prom is where it all started for us here at Exquisite and we have fitted every body type with every different dress style and colour with the necklace and earrings to match! We aim to get you the dress that you love in any colour you like, and customized to make it individual for you by one of three talented seamstresses that we use, all in time for your prom.

We list all the schools we deal with; we never sell the same dress in the same colour to the same school. We have supported many schools over the last few years by supplying dresses for their fund raising fashion shows.

Do you have a prom or evening dress taking up space that you no longer want, then bring it to us and we will sell it on your behalf.

2012 saw Exquisite Boutique venture into the beautiful world of Bridal wear. Through careful selection we have built up what we consider to be the perfect selection of dresses to suit every bride. Our wedding section has something for everyone, whether you are getting married in a church, a registry office, hotel or abroad. We cater for ladies of all shapes and sizes, from the petite to the more voluptuous in sizes 4-28. Our passion lies with the range of pre-owned dresses that we stock, simply because we believe that they are too beautiful to be worn only once and then put away and forgotten about. This is our contribution to recycling. All of our dresses are customizable, so come along and see what masterpiece can be created just for you. A selection of Prom, Evening, Bridesmaid and Wedding dresses are available to hire. Pre-owned dresses are not available for hire.

Even if you do not find your dress at Exquisite we know that you will leave our shop with a memorable experience! We always advise buying from a shop rather than the web. Just because the picture on the website looks beautiful doesn't mean the dress will!

Many websites use copyright protected images to advertise the gowns and lure you in. We have helped several ladies and prom girls who purchased their dresses on line, some of the dresses were made of inferior fabric, the wrong size and not the colour chosen.

A wedding dress which was made of Lining fabric turned up squashed in a jiffy bag! If you were lucky enough to get the right sized dress in the right colour and fabric it would still need professional steaming. If it seems too good to be true, it usually is.

We are 4 miles from the centre of Norwich with off road parking our address is 4A Hurn Road, Drayton, NR8 6BP

Before visiting us, take a look at our websites.

Your Vintage style Wedding or Special Occasion

Vintage styling has been very fashionable for some time now, but while fashion is fickle, vintage style has become a firmly established favourite and is here to stay... You only have to browse on the internet to find period gems from clothes to jewellery and furniture to cars. Etsy specialises in vintage pieces and craft items while Pinterest is crammed with beautiful vintage themed DIY and craft ideas. Both offer inspiration for weddings and parties.

Selected vintage china and period style accessories are a wonderful way to bring unique quirky character and charm to your special occasion or wedding and will be admired by guests as a focus or talking point

'Trios with bows', teapots, milk jugs and sugar bowls at a wedding

Vintage styling is both versatile and creative. If you are the creative type, charity shop or car boot sale sourced items are a great starting point for unique room and table accessories. When used for floral displays vintage pieces such as bone china tea pots or sugar bowls are effective table centre pieces. Tiered cake stands can blossom into floral extravaganzas. Period mirrors and glassware bring extra light and sparkle to the table. Afternoon tea is popular with many brides and grooms for their wedding day. Two and three-tier vintage cake stands are spectacular piled up with cakes and goodies. Hired vintage items can be mixed and matched with standard china to keep costs down. Once on hire, vintage crockery can also be used more than once during an event – working equally well for afternoon tea, dinner or a buffet.

Teapot and sugar bowl used for flowers

'Call The Midwife' vintage bicycle

China Angels (located in Freethorpe, Norfolk) specialises in the hire of vintage china tea ware & accessories. They have a large collection of around 250 trios (a tea cup, saucer and tea plate), tiered cake stands, teapots, milk jugs and sugar bowls. Tea table accessories include table cloths, glass serving and desert bowls, tea trays, tray cloths and tea cutlery. All items are high quality and come in a variety of pretty designs. Hire starts at £1.70 for a china trio. China Angels also has props and for a modest fee a vintage step ladder, easel, chalk board, bunting and a bicycle can be hired and used for floral displays, seating plans and cards/messages. The exterior and gardens of a venue can also be decorated with small tableaux and signposting to set the scene. China Angels 'Call The Midwife' bicycle looks charming in a courtyard or propped at the front door. Looking for the top-to-toe retro experience? China Angels also hire vintage ladies party wear and currently hold a selection of 1950s full-skirted and 1960s mini dresses. They are happy to source vintage outfits for clients on request.

Nicki of Select Cakes says "We started Select Cakes in 2010 and the business has grown year on year. We have had some amazing endorsements for our work and are proud to be associated with Holkham Hall. Never did we imagine when starting out that our work would become so highly recommended. We try to offer a relaxed, friendly and approachable service putting our brides at ease and therefore getting more input from them as they feel comfortable with sharing their ideas however different they may seem".

One of Select Cakes biggest commissions was to recreate the royal wedding cake for a local client. The cake was to be 8 tiers high and as wide as the doorway, all precisely measured to ensure that it would go through! After hours of hand piping and creating sugar flowers the masterpiece was complete. Nicki says "This was our biggest commission to date and an extremely rewarding if not daunting challenge. The main thing was ensuring that we would be able to get the cake to the venue and through the doors. As we didn't have the luxury of building and decorating it at the venue we had to construct it in our studio and then transport it, which was extremely nerve wracking. Amazingly we did it without having to make any repairs and the result was breath taking".

Whilst Nicki loved the challenge of creating such a huge masterpiece she acknowledges that all her cakes, whatever their size, are just as important as each other, helping to make each bride and grooms big day special.
